Hot Buttons

Ready to go *right now*

Hot Buttons make it easier and faster than ever for you to get the most popular push buttons, pilot lights and selector switches. GE has taken its proven CR104P heavy-duty oiltight push buttons, matched them with their logical and most often-used contacts and nameplates, and put them together. One easy catalog number, one box, one price.

Choose from 30 different Hot Buttons, in stock and ready to go right now at your participating GE distributor.
