

PowerMark Gold™

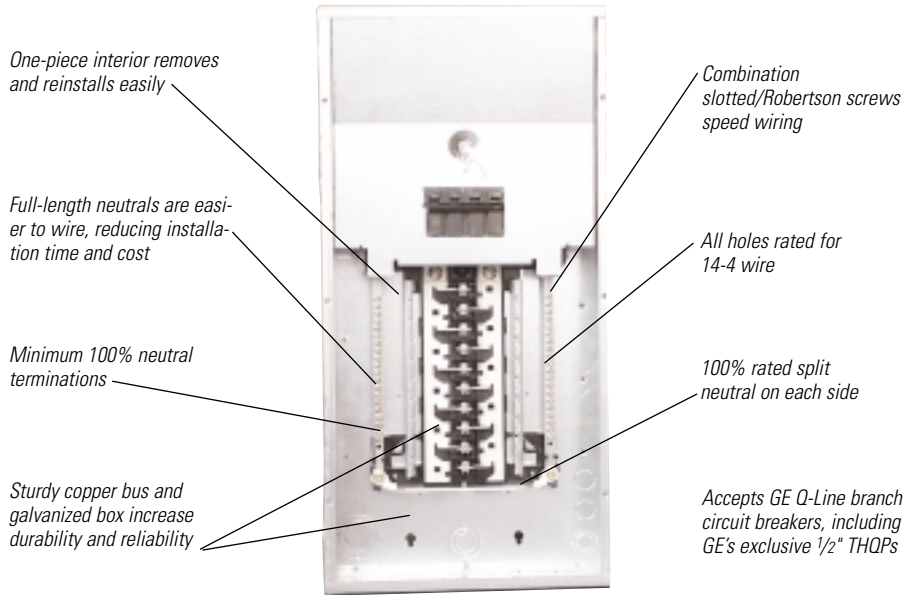

LOAD CENTERS

**Higher quality.
Lower installed cost.**

Single phase, 40-400A, 2-84 circuits
22kAIC main breaker, series rated 22/10

PowerMark Gold™ load centers lower your costs by making installation faster and easier, increasing application flexibility and reducing inventory requirements. At the same time, they deliver obvious and significant advances in design, function and quality.

PowerMark Gold — for the range of applications
