Δ If interlock is used, a quantity of one set is required for each interlock.

\* Includes movable and stationary contacts with springs and contact folding screws.

\*\* Includes movable contact, stationary contacts and spring.

NOTE: — The operating coil is identified by the number following the form letter in the IC designation.

Example: — IC2800-1172-AV-4-B requires operating coil number 4, Cat. No. 22D101G4.
