

# Full Line of Midwest Products

All Midwest Electric equipment comes with:

- More than 70 years of experience in manufacturing outdoor electrical equipment
- Superior corrosion protection
- The highest quality electrical components
- Designs that keep user safety in mind
- The expertise and support of a nationwide network of distributors and independent manufacturer's representatives
- \$500 freight prepaid

## Service Entrance

Pedestal, Surface Mounted, Spa Panels or All-In-One equipment suitable for homes and RV Parks. NEC/UL Listed.

## Load Centers / Resi Breakers

Main breaker and main lug units for residential and light commercial applications. Full range of resi breakers available including DFCI, AFCI, GFCI and other specialty breakers. NEC/UL Listed.

## Transfer Switches / Power Inlets

Transfer Switches for single or three phase configurations; available in 100-400A; 240V or 600V. Power Inlets available in 20-50A for 120/240V applications.

## Transformers

Our transformers are setting new standards in quality, design, manufacturing and testing. Midwest general purpose transformers are the brand contractors trust for trouble-free installation and years of reliable service.

## Safety Switches

Wide variety of general and heavy duty switches. Available in 30-200A; Fusible or Non-Fusible; 240V or 600V.

## Terminal Boxes

The enclosure protects all terminations and allows for easy connections. 240V or 400V single phase and 600V three phase.

## RV Park Equipment

Metallic and thermoplastic units with options for electronic metering, integrated TV/telephone and lighting. Pedestal or surface mounted.

## Metering

Single socket metering and horizontal meter sockets designed for residential and light commercial applications. NEC/UL listed.

## Temporary Power Equipment

Receptacles, overcurrent protection and, where needed, meter sockets and GFCIs are fully assembled in a single enclosure, ready to mount and connect.

## Power Outlets

Receptacles, overcurrent protection, disconnecting means, metering and pedestal mounting (as required) are delivered in a single, ready-to-go enclosure.

## AC Disconnects

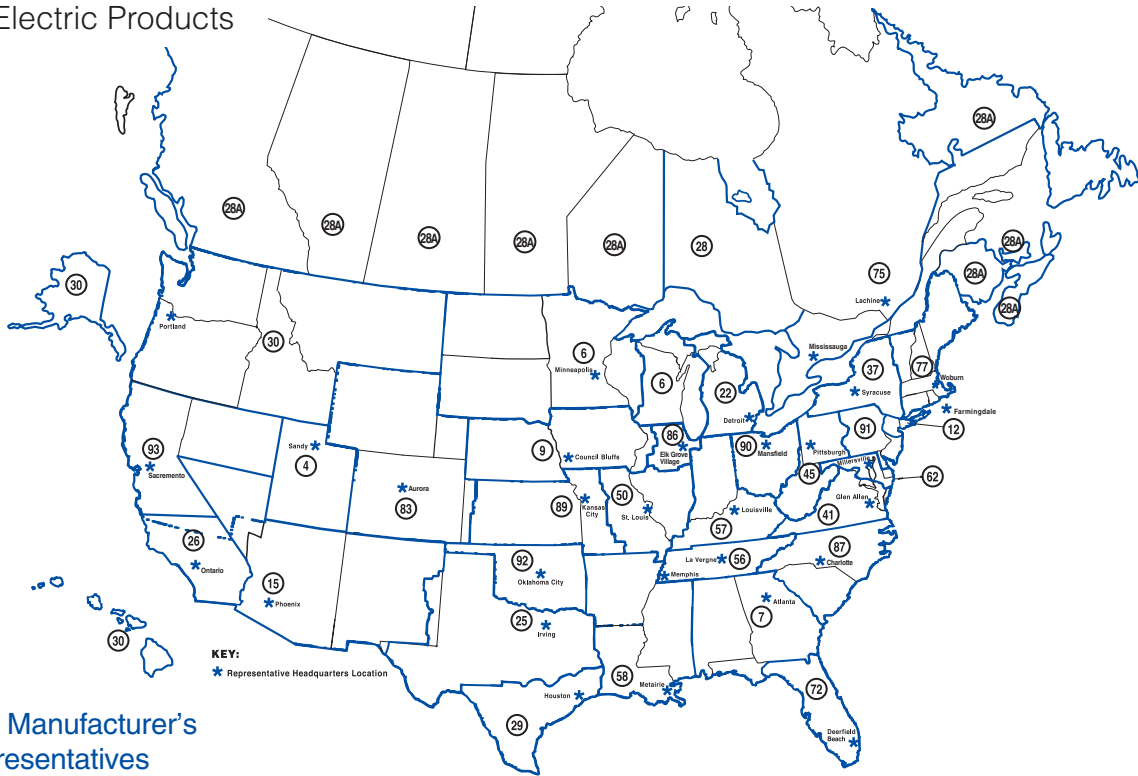

Our AC disconnects meet NEC 440-14 and come in the full range of ratings and types.

## Spa Panels

GFI disconnects provide a convenient, low-cost means to satisfy NEC requirements for spas, hot tubs, water heaters and swimming pools.
